

Meeting Announcement
Trinity Adaptive Management Working Group
December 8, 2003
Weaverville, CA

The Trinity Adaptive Management Working Group (TAMWG) will meet Monday, December 8 from 10:00 AM to 5:00 PM at the Victorian Inn 1709 Main Street, Weaverville, CA. The primary objectives of this meeting will include: 2004 budget update, TAMWG's operations and procedures, Director's report, strategic plan and science framework update, watershed restoration and other subcommittee reports, fish return report, Cableway gravel introduction project, review and recommendation of watershed and tributary restoration element for Trinity River Mainstem Fishery Restoration SEIS/EIR, and update on possible litigation settlement. The agenda items are approximate and are dependent on the amount of time each item takes. The meeting could end early if the agenda has been completed. The meeting is open to the public.

The TAMWG affords stakeholders the opportunity to give policy, management, and technical input concerning Trinity River restoration efforts to the Trinity Management Council. Members for the working group represent a broad cross-section of organizations that are not otherwise represented on the decision-making Trinity Management Council. These interests include residents of the Trinity River basin, recreational and commercial fishing organizations, Trinity Lake Resort Owners, white water rafters and guides, power utilities, irrigators, small businesses, and forestry associations.

A draft agenda for the meeting will be available in the near future for download from the Arcata Fish and Wildlife Office website at <http://arcata.fws.gov>
